Special Education Needs Policy

Statement of Intent

Autism Bedfordshire provides specialist respite care services for children with Autistic Spectrum Conditions (ASC) and their siblings. This means that we are a specialist service for this type of condition. We support children with ASC and additional disabilities. As a specialist service we do not support children with other disabilities in the absence of ASC, unless they are a sibling of the child with ASC

We aim to provide the best possible care for children with ASC at all Autism Bedfordshire services. We aim to provide an environment in which all children are supported to reach their full potential and use good practice guides to achieve this.
